

Secure Online Board Portals

Distribute Board Materials Online

Our online solution improves board communication with a **secure, easy-to-use** platform providing instant access to meeting materials.

Save Money and Time

No need to print, assemble and distribute traditional board books. **Simply upload** new information and **last minute changes** to the board portal.

Benefits & Features

- **Easy to Use** - efficient distribution of board materials using our intuitive online tools.
- **Savings** - save on time, supplies, printing, assembly and shipping costs. No need to replace updated pages in board books.
- **Improved Security** - no need to mail or email confidential documents. No need to collect and destroy paper documents after the meeting.
- **Centralized Archive** - easily access materials from past board meetings and committee meetings.
- **Company Information** - provide online access to important company documents.
- **Secure Access** - board members can access your board portal at anytime, from any location.
- **Telephonic Meetings** - all participants have access to the same up-to-date materials (documents & presentations) regardless of location.
- **Manage Access** - easily create access permissions for specific individuals (i.e., full board, committee members or outside advisors)
- **Automatic Upgrades** - as a hosted service you automatically receive technology upgrades.
- **Green Initiative** - with less paper waste your board is more environmentally friendly.
